I am respectfully requesting a late fee refund that I paid recently of \$660 for the following reasons:

1. For the lost 25 years I have been unopposed for St. Mary Parish Coroner and have not had one penny of finance activity.
2. This is the first time I have had to file electronically and when I first made the attempt, being completely computer illiterate, after being on the site for some reason in my mind I thought I had completed the form, not realizing that I had to have a special password that I did not get until later(10-5-15)
3. During the filing application period I had a major computer malfunction and record misplacement....especially in my campaign record locations.
4. It was truly an honest mistake.
5. I have never had to pay a fine in the past 25 years.

I appreciate your consideration in this matter.

Respectfully, F. H. Metz, Jr. M. D.
